

These proposals were **[BLOCKED]** as a direct result of ISMS advocacy, strengthened by IMPAC's support for physician-friendly legislators:

- X Plaintiffs' bar**
attempting to weaken our medical liability system
- X Insurance companies**
incentivizing cost over quality care
- X Onerous mandates**
on how you practice medicine

Scope Blocked

**Independent Practice for
Certified Registered Nurse Anesthetists**

Licensure for Naturopaths

Independent Practice for Physician Assistants

Details: Would have allowed non-physician practitioners to treat patients independently of physicians. And the training naturopaths receive is insufficient for the diagnosis and treatment of physical ailments, making their efforts to be licensed as "naturopathic physicians" especially dangerous!
